

- Shear beam load cell
- 3000 divisions OIML R60 class C
- Hermetically sealed laser welded
- Protected against corrosion by nickel plated treatment
- Measurement element from alloy steel
- Stainless steel version available
- Protected against humidity IP68 (EN60529)

Technical Data

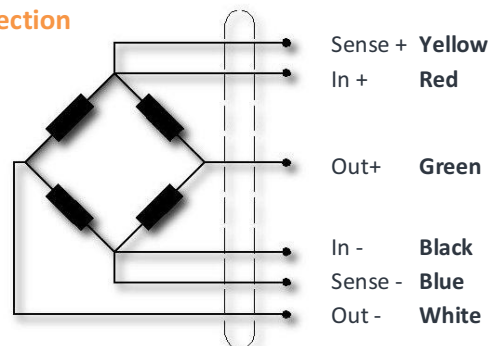

Accuracy Class	C3
Nominal Sensitivity	2mV/V±0.1%
Vmin	8000
Maximum combined error	0.02% N.L
Range of excitation	5..15V
Input Resistance	386 ± 5Ω
Output Resistance	350 ± 5Ω
Temperature limits OIML R60	-10..40°C
Insulation Resistance	>5000MΩ
Cable length	9m
